### **DETAILED ACTION**

Applicant's cancellation of claims 1-70 and entry of new claims 1-27 in the preliminary amendment, filed 9/3/99 is acknowledged. In accordance with Rule 1.126, newly entered claims 1-27 have been renumbered as claims 71-97.

#### ***Election/Restrictions***

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 71-94, drawn to methods of conferring selective cytotoxicity on cells or suppressing tumor cell growth.

Group II, claim(s) 95-97, drawn to a composition comprising an adenovirus complexed to polyethyleneglycol.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: There is no special technical feature linking the inventions of Groups I and II. The invention of Group I is drawn to use of an adenovirus vector

engineered for tumor-specific replication in methods of conferring selective cytotoxicity on cells or suppressing tumor cell growth. The invention of Group II is drawn to an adenoviral composition complexed to polyethyleneglycol which shares no special technical feature with the adenovirus used in the invention of Group I.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
